Dear Dr. Ahmed Farrag,

I would like to submit my work for consideration, which partially fulfils the requirements for the AOCS Engineer job offer.

I confirm that this work is original and it has not been copied or sourced from any other location

I exerted considerable effort to finalize the mandatory take-home report within the given time frame, recognizing the challenge it presented. Nevertheless, I dedicated myself to delivering my best performance.

Thank you for your consideration.

Sincerely,

Mohamed Ahmed Hassan Ahmed
